

# GOLDEN ERA ENGLISH SCHOOL

Golapar, Barbigha (Sheikhpura)

Covid-19 Lockdown Home Work

Class-II

Subject- MATH

Count the beads and write the numbers :

Draw the beads on the abacuses to show the given numbers :

Count and write. Draw beads on the abacus :

MATHS-2 12

Write in numerals :

Write in words / number names :

MATHS-2 13

- a. one hundred sixty-seven
- b. four hundred seventy-four
- c. three hundred thirty-nine
- d. five hundred eighteen
- e. two hundred thirteen

783	<input type="text"/>	525	<input type="text"/>
436	<input type="text"/>	382	<input type="text"/>
365	<input type="text"/>	381	<input type="text"/>
176	<input type="text"/>	429	<input type="text"/>
292	<input type="text"/>	432	<input type="text"/>

## Place Value of a Digit in a Number

A digit has different values at different places in a number.

A three-digit number has three places.

For example, take the number 333.

The place value of 3 at ones place = 3 ones = 3

The place value of 3 at tens place = 3 tens = 30

The place value of 3 at hundreds place = 3 hundreds = 300

H	T	O
3	3	3

Write the place value of each digit :

<table border="1"> <tr><td>3</td><td>5</td><td>4</td></tr> <tr><td colspan="3">Place Value</td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> </table>	3	5	4	Place Value												<table border="1"> <tr><td>4</td><td>5</td><td>9</td></tr> <tr><td colspan="3">Place Value</td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> </table>	4	5	9	Place Value												<table border="1"> <tr><td>5</td><td>7</td><td>8</td></tr> <tr><td colspan="3">Place Value</td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> </table>	5	7	8	Place Value											
3	5	4																																													
Place Value																																															
4	5	9																																													
Place Value																																															
5	7	8																																													
Place Value																																															
<table border="1"> <tr><td>3</td><td>6</td><td>2</td></tr> <tr><td colspan="3">Place Value</td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> </table>	3	6	2	Place Value												<table border="1"> <tr><td>3</td><td>5</td><td>0</td></tr> <tr><td colspan="3">Place Value</td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> </table>	3	5	0	Place Value												<table border="1"> <tr><td>4</td><td>7</td><td>9</td></tr> <tr><td colspan="3">Place Value</td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> </table>	4	7	9	Place Value											
3	6	2																																													
Place Value																																															
3	5	0																																													
Place Value																																															
4	7	9																																													
Place Value																																															

Write the numbers for the given place values :

<table border="1"> <tr><td> </td></tr> <tr><td>Place Value</td></tr> <tr><td>8</td></tr> <tr><td>20</td></tr> <tr><td>500</td></tr> </table>		Place Value	8	20	500	<table border="1"> <tr><td> </td></tr> <tr><td>Place Value</td></tr> <tr><td>5</td></tr> <tr><td>30</td></tr> <tr><td>400</td></tr> </table>		Place Value	5	30	400	<table border="1"> <tr><td> </td></tr> <tr><td>Place Value</td></tr> <tr><td>8</td></tr> <tr><td>90</td></tr> <tr><td>600</td></tr> </table>		Place Value	8	90	600

## Expanded Form and Short Form of Numbers

**Example 1 :** Write 145 in expanded form.

**Solution :** 145 = 1 hundred + 4 tens + 5 ones  
= 100 + 40 + 5

**Example 2 :** Write in short form.

5 hundreds 3 tens 8 ones

**Brain Wave**

**Solution :** 5 hundreds 3 tens 8 ones  
= 500 + 30 + 8 = 538

Expanded form of a number is the sum of the place values of its digits.

Write the numbers in expanded form :

427 =  hundreds +  tens +  ones =  +  =

532 =  hundreds +  tens +  ones =  +  =

452 =  hundreds +  tens +  ones =  +  =

360 =  hundreds +  tens +  ones =  +  =

239 =  hundreds +  tens +  ones =  +  =

Write the short form of the following numbers :

5 hundreds + 4 tens + 7 ones =  +  +  =

7 hundreds + 2 tens + 4 ones =  +  +  =

9 hundreds + 8 tens + 2 ones =  +  +  =

4 hundreds + 6 tens + 8 ones =  +  +  =

6 hundreds + 3 tens + 5 ones =  +  +  =
