Fact Corner

Stationery is a paper and other materials needed for writing.

We need various facilities around us. If these are available in the neighbourhood it is good. If not so, it is bad for everybody.

Read the clues given below and know about the names of the neighbouring places.

1. Hospital

When someone is very ill or has had an accident, he is taken to this place. Here, doctors and nurses take care of the sick.

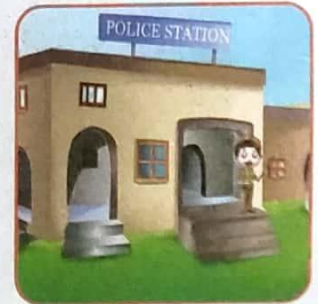

2. Post Office

When you write a letter to a friend you clearly write the friend's address on the envelope. Then you put a postage stamp on the envelope and drop the letter into a letter box.

3. Police Station

This is the main place in my neighbourhood because people are protected by the police.

4. Milk Booth

It is a suitable place because I can buy milk, butter, etc. from here.

5. Market

We buy things of our daily uses like clothes, shoes, electronic items and many other things from here.

Fact Corner

A confectioner sells cakes, bread and pastries in our neighborhood.
